QuickLogic's assembled products are defined as articles per Article 3.3 of the **REACH** Regulations. Based on our subcontractors' investigation and assessment, currently none of the QuickLogic assembled products intentionally release substances and export more than one Ton a Year, therefore, no registration of substances is required in QuickLogic products.

QuickLogic will communicate with you in the event of any new substances added to the current **SVHC** (Substances of Very High Concern) list.

The information provided in this statement is, to our knowledge and belief, correct as of the date indicated on this page. QuickLogic bases such knowledge and belief on information provided by third parties (e.g. component assembly subcontractors) and QuickLogic makes no representation or warranty as to the accuracy of such third party information.
